Supplier RFP Response

NexaWorks

Fictional sample proposal — created for Agentic RFP Evaluation classroom project.

1. Executive Summary and Understanding

Balanced proposal; strongest implementation plan and support model.

2. Proposed Solution

Provides a configurable evaluation workflow with document extraction, evidence-linked scoring, reviewer approvals, role-based access, and CSV/JSON export. Integration approach includes discovery workshops and documented API mapping, although endpoint details depend on buyer systems.

3. Implementation Plan, Team, and Milestones

8 weeks: requirements 1 week, solution design 1, configuration 2, integration 2, UAT 1, training and launch 1. Named delivery manager, business analyst, technical lead, two engineers, QA, and support transition owner. Weekly checkpoints and acceptance criteria.

4. Commercial Proposal

Item	Price (USD)
Implementation	**$22,000**
Annual license	**$64,000**
Integration services	**$12,000**
Year 1 estimate	**$98,000**

5. Security, Compliance, and Risk Controls

Describes SSO, least-privilege roles, encryption, audit logs, configurable retention, incident escalation, and quarterly access review. Formal certification evidence and exact hosting region are pending confirmation.

6. Support, Experience, and References

24x7 P1 intake with 30-minute response target, named customer success manager, monthly service review, and documented escalation matrix. Two similar implementations and references subject to permission.

Evaluation note: claims in this synthetic proposal are illustrative and should be treated as supplier-provided evidence, not independently verified facts.
